Beauty That Endures

For thousands of years, stone has been the building material of choice to create structures that endure for generations. Our artisans continue in that tradition to bring you Old World Flagstone, a selection of premium natural stone products, quarried and processed to the highest standards.

Old World Flagstone™

Quality • Beauty • Durability

Artisan SERIES

The Ideal Blend of Quality & Affordability

Calibrated Thickness

The feature that separates our Artisan Flagstone from many other natural stones is the calibrated thickness. During the calibration process, each piece of stone is ground down to a consistent thickness, which makes the installation process easier and less expensive compared to traditional flagstone.

Natural Finish

Products in our Artisan Series feature natural cleft tops and hand-cut rockfaced edges, capturing the essence of a traditional natural flagstone patio or walkway.

Their natural look creates a durable and functional surface that adds a rustic charm to any style of home.

Artisan Flagstone

The perfect choice for your patio, walkway, or porch. The best of both worlds — ease of installation, and the beauty of a natural stone surface.

Autumn Brown Artisan Flagstone

Appalachian Grey Artisan Flagstone

Tennessee Tan Artisan Flagstone

Sable Artisan Flagstone

Artisan Flagstone Circle Packs

Circle packs are a beautiful way to add an accent or focal point to a flagstone patio. Two diameters are available, and both include a square-off kit (not pictured) for easy installation.

Autumn Brown Artisan Flagstone Circle

Artisan Antiqued Flagstone

Antiqued Flagstone features a smoother, more weathered surface than traditional Artisan Flagstone.

Autumn Brown Artisan Antiqued Flagstone

Artisan Irregular Flagstone

Featuring the same calibrated bottom as regular Artisan Flagstone, our Irregular Flagstone creates a unique natural look while maintaining ease of installation.

Autumn Brown Artisan Irregular Flagstone

Appalachian Grey Artisan Irregular Flagstone

Tennessee Tan Artisan Irregular Flagstone

Artisan Caps & Treads

Beautiful and durable, Artisan Caps and Treads are an exceptional choice for step treads, wall caps, fireplace hearths, and more. All 4 ends of each piece are rockfaced.

Autumn Brown Artisan Treads

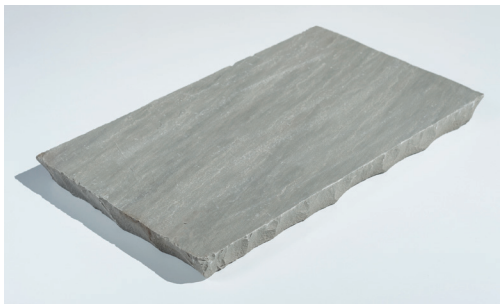
Appalachian Grey Artisan Treads



Appalachian Grey Artisan Cap

Artisan Bullnose

Featuring 3 rockfaced edges and one smooth rounded edge, our Artisan Bullnose is an excellent choice for fireplace hearths and step treads.

Autumn Brown Bullnose

Appalachian Grey Bullnose

ArtisanCut SERIES

ArtisanCut Flagstone has the same basic features as Artisan Flagstone, but instead of rockfaced edges, ArtisanCut Flagstone has sawn edges, allowing for smoother and more consistent mortar joints.

Signature SERIES

Luxurious Finishes Coupled With Beautiful Colors

Lightly Textured Finish

Products in our Signature Series feature sawn tops with a luxurious lightly textured finish. Some products in our Signature Series feature sawn edges, while others feature hand-cut rockfaced edges. Their smooth finish creates a more precise appearance than traditional natural cleft surfaces.

Sawn Thickness

Products in our Signature Series are sawn to precise thicknesses, making the installation process as consistent and easy as possible. The sawn bottom also minimizes the mortar needed to complete the installation, since the thickness of each piece is very consistent.

Signature Flagstone

Featuring a sawn and lightly textured surface and four luxurious color blends, Signature Flagstone adds beauty and elegance to any project. The sawn and textured finish allows for easy installation and a precise appearance.

OLD WORLD FLAGSTONE™

QUALITY • BEAUTY • DURABILITY

IMPORTANT INFORMATION: Old World Flagstone is natural stone and is not warranted for composition or longevity. Since products are naturally created, variations in color and texture should be expected. The color and texture of products may vary from samples, displays, and photos. Colors in this brochure are as accurate as possible, but photographic and printing technologies, as well as actual viewing conditions, can alter the perception of color. Natural stone may fade over time from weathering and sun exposure. Rust spots and other marks may appear on natural stone as a result of natural oxidation. If natural stone is installed in a wet or inadequately drained location, discoloration, staining, and oxidation will be more likely to occur on the stone. Regular cleaning may be necessary to maintain the appearance of any natural stone product. Our FAQs should be consulted before beginning any project using Old World Flagstone.
